Your Trusted Systems Integration & Digital Transformation Partner

- ELV & Systems Integration
- IT Infrastructure
- Data & Analytics
- Digital Marketing

WHO WE ARE

“A specialised systems integration and digital transformation company — not just an IT hardware supplier.”

NEXUSTECH

COMPANY OVERVIEW

About Us

Nexus Technopreneur Sdn. Bhd. (NexusTech) is a Malaysian systems integration and digital transformation company, incorporated in 2009 and based in Kuala Lumpur. We work across ELV hardware and software, IT infrastructure, systems integration, software development, data analytics and visualisation — helping businesses, institutions, and government move from hardware to infrastructure to software to data to AI-driven digital transformation.

Our in-house marketing and media team complements this with digital marketing, content, and brand strategy.

FOUNDED

23 June 2009 · ~17 Years

Led by a team committed to delivering reliable technology and strategic advertising solutions for every client.

Mustaffa Kamal Bin Shaik Ismail

Group Chairman

Mohamed Shah Bin Abdul Ali

Managing Director

Jaspal Singh

Technical Director

Sany Rashid

Operations Director

Vision, Mission & Values

Vision

To be Malaysia's most trusted technology and advertising partner — empowering businesses to grow through smart technology and creative strategy.

Mission

To deliver dependable IT infrastructure, systems integration, and data-driven digital transformation — paired with results-driven marketing — that helps clients operate smarter and reach further.

Core Values

Reliability, innovation, and partnership — consistent service, staying ahead with the right technology, and building long-term client relationships.

HOW WE'RE DIFFERENT

Not just hardware. A full digital transformation partner.

From the ground up: hardware, infrastructure, software, data, AI, and the digital transformation that ties it all together.

We work across ELV hardware & software, digital infrastructure, systems integration, software development, data analytics and visualisation, and marketing/media — serving both businesses (B2B) and government (B2G).

WHAT WE OFFER

IT Infrastructure & Systems Integration

From ELV systems to enterprise software — the technology backbone that keeps every business running.

As a systems integration company, we work across ELV hardware/software, digital infrastructure, and enterprise systems — not just desktops and laptops.

- Enterprise solutions — ERP, CRM, automation
- Custom websites & eCommerce platforms
- Efficiency & security consulting
- Business software & productivity tools

WHAT WE OFFER

Marketing & Digital Media

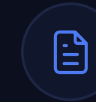

Strategic creative solutions to help clients grow their brand and reach a wider audience.

Good technology gets you running. Good marketing gets you noticed. Our in-house team builds the brand and campaigns that do the second part.

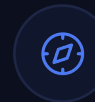

- Social media, Google Ads & SEO
- Blog posts, web copy & ad copy
- Logos, brochures & digital banners

HOW IT WORKS

Two disciplines. One partner.

We handle both sides of the business, so you're not juggling two vendors who don't talk to each other.

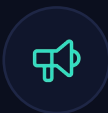

WHO WE WORK WITH

Industries We Serve

Sector-specific technology for businesses, institutions, and government — across both B2B and B2G.

PropTech

MarTech

FinTech

AgriTech

HealthTech

Government

Businesses

Institutions

B2B • B2G — we work directly with businesses and government agencies alike.

TRUSTED BY

Our Partners

Trusted hardware principals, paired with the cloud and AI platforms behind our agentic solutions.

OUR PRINCIPAL PARTNERS

AGENTIC & CLOUD PARTNERS

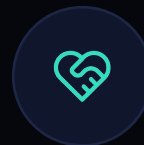

Authorised principal partners, among a wider ecosystem of international and local technology partners — alongside the AI, cloud, and compute platforms powering our agentic solutions.

GIVING BACK

Community & Partner Engagement

Beyond products and services, we invest in strong relationships with our partners and the community.

NexusTech Hari Raya Open House 2026

Held in celebration of Hari Raya, NexusTech hosted an open house event bringing together our principal partners — Dell, Lenovo, HP, and Acer — for a day of relationship-building, appreciation, and celebration.

BEYOND COMMERCIAL IT

NexusTech Operations Director Sany Rashid also serves as CEO & Trustee of Yayasan Bina Ilmu Pulau Pinang. Through this link, NexusTech sponsored the SCITECH4U MOSTI STEM Boot Camp at Universiti Sains Malaysia, delivered with Edusteems and supported by MOSTI and education authorities.

Why Choose Us

01

Systems Integration Expertise

ELV hardware/software, infrastructure, and enterprise systems — not just desktops and laptops.

03

Strategic Marketing & Media

Digital marketing and branding solutions that reach the right audience.

02

Customised Digital Transformation

Tailored IT, data, and automation solutions that enhance efficiency and security.

04

B2B & B2G Ready

A dedicated team experienced serving businesses, institutions, and government alike.

Your growth, powered by the right technology and the right strategy.
